## Delinquent Registrants should Report to the Adjutant General of the State.

"All registrants who have not filed Questionnaires with Local Boards as required by Law, and all registrants in Class I who have not been physically examined, should report to the Adjutant General of the State and request instructions as to status.

"Notices have been sent to such registrants, but in many cases have not been delivered due to incomplete address, or change of address without notice to Local Boards. It is the duty of registrants to keep in touch with their Local Boards and failure to receive notices does not excuse them from performance of the duties required of them.

"Delinquent registrants eventually become deserters and it will prove very embarrassing to some when the Government soon commences a campaign to round up draft-lodgers and deserters. Greater leniency will now be exerted than later on. Therefore all registrants who do not know how they stand with the Local Board where registered are urged to write to the Adjutant General of the State for information.

## Twelve Tire Tests No. 3

This series of twelve tests is designed to take the uncertainty out of tire-buying.

### Traction-Surface

A non-skid tread, made up of comparatively small projections, cannot resist wear so well as a tire having a broad, flat traction-surface.

In considering the merits of various non-skids, determine how large a surface comes in actual contact with the road.

To do this, lay a piece of wire screen over one unit of the tread, comparing the number of squares that touch the raised portion

with the number that cover the portion not raised.

In the Michelin Universal, for example, three-quarters of the entire non-skid tread comes in contact with the road, thus forming a broad, flat traction-surface that means extra service.

Yet Michelin Tires are not high priced.

Three-quarters of the Michelin Universal Tread is Traction-Surface.

### Outdoing M'Doo.

From Rockingham School News

Poor Mister McAdoo, Think of the jobs he's hitched up to! The treasury, the railroad crew, The income tax, and then a few.

Leaving aside all jokes and fun, I wish I'd did what McAdone. To him I'll have to lift my lid— I could not do what McAdid!

—Folks tramping on your small grain—fishing, hunting or in any other way trespassing upon your property? Want to keep them off? If so, the Post-Dispatch has in stock some cardboard "LAND POSTED" notices. The very thing you need, cheap.

### Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

## CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui. E-77

## NEW PERFECTION OIL COOK STOVES

### Gas Stove Kitchen Comfort at Kerosene Cost

There's no sweltering over a red hot stove, no work and dirt with coal, wood, ashes and soot, when a New Perfection Oil Cook Stove brings gas stove comfort into the kitchen.

The long blue chimney converts every atom of fuel into intense, clean heat directed against the cooking utensils only. You get a big penny's worth of heat out of every penny's worth of Aladdin Security Oil.

Turns on and off like gas. Like gas you can regulate it instantly and accurately. No smoke, smut or odor—a cool, clean kitchen—and inexpensive, always available fuel.

Made in 1-2-3-4 burner sizes, with or without cabinet top and oven.

### Is your barn a cotton warehouse?

WHEN you store a ton of old style cottonseed hulls you give space to almost 500 pounds of lint and all the extra bulk that the lint causes.

When you store a ton of

## BUCKEYE COTTONSEED HULLS

you give space to 2000 pounds of real roughage, free from lint, compact, concentrated, solid. Buckeye Hulls save half your storage space or enable you to carry twice as much roughage.

### Other Advantages

2000 pounds of roughage value to the ton—got 1500. Priced much less per ton. Every pound goes farther.

Mr. John Wicker, Forest, Miss., says: "that his first experience in feeding Buckeye Hulls was unsatisfactory as he fed them improperly. He now soaks the hulls over night, then feeds them and has very satisfactory results. Mr. Wicker states that these hulls are more economical than the old style hulls and thinks that they go almost twice as far as the old style hulls at a considerably less cost to begin with."

To secure the best results and to develop the enzyme odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

### Book of Mixed Feeds Free

Gives the right formula for every combination of feeds used in the South. Tells how much to feed for maintenance, for milk, for fattening, for work. Describes Buckeye Hulls and gives directions for using them properly. Send for your copy to the nearest mill.
